

Celia

Automated Blister Card Packaging

Julia

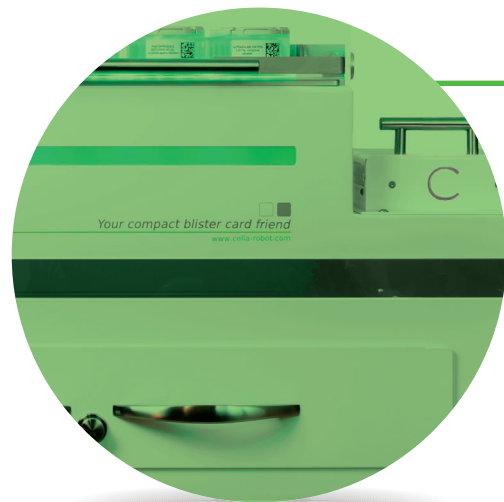

Assisted Blister Card Packaging

Meet the Littlebots

_ Hello

Say "Hello" to the LittleBots, a family of compact and affordable blister card packaging solutions helping pharmacies of all sizes to improve their workflow and efficiency without extensive software and labor investments

The Littlebots Family

Celia Automated Blister Card Packager

- Automated multi-dose blister card filling in just 4.5 sq ft
- Flexible quick swap trays for card format changes
- 24 active pods / three fill methods / assisted review
- Combine multiple Celia units for scalability and redundancy

Julia Assisted Blister Card Packager

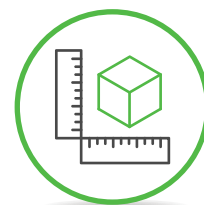

- Compact tabletop design
- Light-guided manual assist
- Entry-level pricing (starting at ~\$15K)

“It was evident to me that Team Noritsu went above and beyond in supporting, training, and troubleshooting with our new automation implementation

Ross Brickley
RPH, MBA, FASCP
Vice President of Pharmacy Services

Making the CASE for Automation

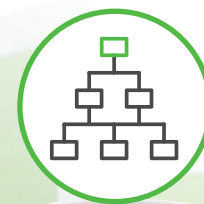

Compact

Less space, more output — Automated compliance packaging in a design that fits into your current space and workflow

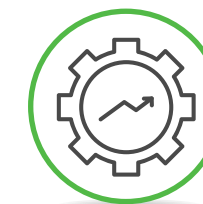

Affordable

Step into automation without breaking the bank with an entry level automation system that will revolutionize your workflow

Scalable

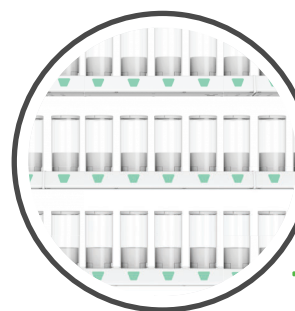

As your pharmacy and formulary needs expand, easily add more packagers or LARS, our Light assisted rack system

Efficient

Precision-engineered to minimize human error and maximize productivity—Littlebots keep your workflow running smoothly

Boost Productivity Even More

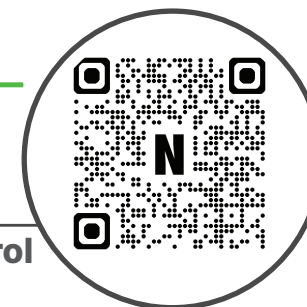

LARS Light Assisted Rack system

Our scalable, intelligent rack system makes switching medications fast and easy. LARS expands with your formulary to keep production flowing

Link pharmacy management, packaging and archiving into one integrated system, optimizing every stage of your process. Scan the code to learn more about NexusRX and what it can do for your pharmacy

NexusRx Pharmacy Control Software

What Makes LittleBots Different?

Compact design that fits into your current space, workflow, and budget with room to grow

Scalable design means your investment won't become obsolete

Start your automation journey for as little as \$300 a month

Swap card formats on the fly, simply switch the tray and go

7-day multilingual support; national on-site coverage

Assisted Review of the filled card, with archived image of every card filled

Why Choose Compliance Automation

Labor Savings

With rising operational costs and persistent reimbursement pressure, automation is quickly becoming a strategic necessity

Safety and Accuracy

Automation offers improved dispensing accuracy and patient safety while also streamlining processes

Improved Patient Outcomes

With growing demand for LTC and home-based care, compliance packaging is essential for easier medication administration and better adherence

The Noritsu Advantage

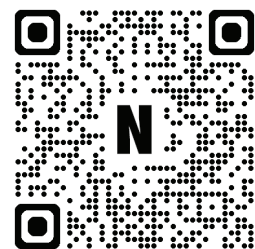

At Noritsu, reliability drives everything we do. It fuels our commitment to being a trusted partner, delivering proven solutions that help pharmacies thrive. We hold our products, our people, and our entire organization to the highest standards, because our customers count on us, and many have for over 40 years.

Whether you're just starting your automation journey or looking to scale, you need more than equipment - you need a partner with the experience, technology, and insight to tailor solutions to your unique business goals.
