GROWING BUSINESS

A partner you can

TRUST

Which size will work for you?

The **NX100** gives you access to fast and accurate pouch packaging at virtually any location, helping you grow your business while also being able to expand with you. With 100 hot-swappable cassettes, The **NX100** can handle large formulations easily while maintaining a footprint that will work in almost any location.

Built To Last

Nothing is more costly or frustrating than unnecessary downtime. Our systems are built to exacting standards with the highest quality materials to maximize reliability. Schedule a discovery meeting today and see the difference for yourself

Intelligent Software

Inefficient workflow can be a major cause of bottlenecks in your production. Our unique Virtual Release technology and intelligent order processing help alleviate interruptions by planning the best use of resources prior to starting a production run. Uninterrupted production means less labor and faster throughput

Unmatched Service

We know that choosing a new technology partner can be hard. With over 40 years of field support experience, Noritsu strives to be more than just a vendor. We will be there with ongoing support, helping to fine-tune and improve your systems based on your needs

Noritsu Perfect Pouch

Offer your clients increased safety and ease-of-use with fully customizable pouch printing. Easily create unique pouch layouts for all of the facilities you service
