NORITSU

931-BL

Full-Color, Full-Bleed Label and Card Printing for Your Pharmacy

- Blister card covers and inserts on stock up to 324 gsm
- High-durability adhesive stickers for delivery boxes and courier pouches
- 1200 × 1200 dpi keeps micro-barcodes and QR codes scannable
- Automatic duplexing for double-sided patient education inserts
- Up to 4 optional expansion trays, 350 sheets each

Versatile Media & Heavy Stock

Handles 120–324 gsm, from standard paper to thick blister card covers and multi-fold compliance cards

Specialty Label & Sticker Printing

Produce color license plates and box stickers for home delivery boxes and pouch containers

Full-Bleed, Edge-To-Edge Color

Borderless output uses every inch of the card, so branding and dosing grids run to the trim edge.
